Distance from tank to: Property Line: _____ Street/Sidewalk: _____ Structure: _____ Appliance(s): _____

Scope of Work: Residential Commercial

Tank & Plumbing Plumbing Only Tank Only Gas Line Only Alteration Repair Decommission

Approved Plans/Issued Permit(s) are required to be onsite prior to inspection. Work without a permit may result in a RED TAG / Stop Work Order. Do not cover or conceal work without inspection. A re-inspection fee, per City code, may be assigned for inspection failure, inspection site not ready for inspection, or cancellation without 24-hour notice.

Liquefied Petroleum Gas (LPG) Installation Permits expire 6 months after issuance. If a project is not complete at that time, applicants may be required to complete a new application and/or may be subject to reinspection fees.

Applicant accepts responsibility that the work conducted under this permit will conform in all respects to the plans submitted in conjunction with this application and that all work will be done in accordance with all applicable laws & City Codes. Applicant is responsible to obtain utility approval. Fire Department approval is subject to field inspection.
