FOR IMMEDIATE RELEASE

January 5, 2010

Police Department Partners with CrimeReports to Launch New iPhone Crime Map

Lake Havasu City residents can now take their neighborhood crime map with them wherever they go. The Lake Havasu City Police Department announces the availability of a new iPhone app in partnership with CrimeReports that will provide citizens with local crime mapping and national sex offender data. The Lake Havasu City Police Department already publishes its crime data on the National Crime Map at www.CrimeReports.com and is now making that data even easier to access through the CrimeReports iPhone app, available at the iTunes App Store. The CrimeReports iPhone app is free.

“This information is vital to our citizens’ safety,” says Chief Dan Doyle. “Providing it to the general public through a mobile device allows citizens even easier access to it than before. We’re pleased to be offering the most advanced tools available to foster communication and engagement with community members to prevent and reduce crime.”

“The Lake Havasu City Police Department has already been a leader in citizen communication by sharing their crime data online at CrimeReports.com,” says Greg Whisenant, founder and CEO of CrimeReports. “Now they are equipped with another avenue through which to engage Lake Havasu City citizens to build a safer community.”

In addition to local crime, the CrimeReports iPhone app also features crime data for more than 600 other law enforcement agencies across North America, and includes registered sex offender data for all 50 states. CrimeReports adds more than 50 agencies to its National Crime Map each month, so coverage is expanding quickly.

The CrimeReports iPhone app allows anyone to:

- Filter data by location or address, incident type, and customizable date range
- View recent neighborhood-level crimes on the map or in a list
- View national sex offender data alongside crime in your neighborhood
- Sign-up for free, automated, email crime alerts
- Request the participation of other surrounding law enforcement agencies if they're not already on-board

The CrimeReports team is also currently planning similar apps for other mobile platforms. You can find out more about the new CrimeReports iPhone app by visiting www.CrimeReports.com/iphone.

About LHCPD.com

A link to CrimeReports.com can be found at the Lake Havasu City Police Department's website; LHCPD.com. Residents can access a multitude of services at LHCPD.com that include online crime reporting, Nixle community notification alerts, obtain copies of accidents, and learn more about sex offenders living on our community from the department's award winning sex offender compliance team website.

About CrimeReports

Working with more than 600 law enforcement agencies across North America, CrimeReports is the largest and most accurate online resource for up-to-date crime and sex offender information. The CrimeReports network offers a family of affordable, easy-to-use software tools for law enforcement agencies to understand crime trends and share up-to-date neighborhood crime data with the public. Community members can access the integrated crime map and receive email crime alerts for free at www.CrimeReports.com, empowering them to make informed decisions to help improve the safety of their neighborhood and community. CrimeReports services are offered by Public Engines, Inc. For more information, visit www.CrimeReports.com.
