FOR IMMEDIATE RELEASE  
January 4, 2012

**Start the New Year Off Right and Get Involved in Your Community by Adopting a Park!**

The Lake Havasu City's Adopt-A-Park Program serves over 15 parks that contain sports fields, ramadas, playgrounds, walking paths, open turf areas and trails. These facilities offer local residents and visitors countless choices and a variety of quality outdoor experiences.

As an Adopt-A-Park participant, you can assist with beautification of over 1,400 acres of spectacular resources. We want your help in preserving and maintaining the natural beauty and allure of these distinct landscapes and facilities, striving to maximize the outdoor experience for locals and visitors alike.

There are many ways you can be a part of our Adopt-A-Park Program. From planting new landscapes to maintaining present ones, maintain dog parks, beach maintenance, park amenity cleaning; the possibilities are endless.

Before you or your group can get started, you will need to complete the Adopt-A-Park application process. The first step is to contact the Parks Maintenance Division at 855-1851 to request the Adopt-A-Park Application forms. Once forms are filled out, signed and return to the Parks Maintenance office you will be contacted to attend an orientation meeting. During the orientation meeting we will get to know a little about your group or organization and make a selection on what park or park section you would like to adopt. Participants are asked to be available at least once a month for one year to perform the Adopt-A-Park assigned duties.

What better way to take pride in your community and add to the esthetic beauty that will bring enjoyment to both you and the residents of Lake Havasu City.

For more information please call Jenny at 855-1851.
