Water Conservation Rebate Program

Lake Havasu City's 2011-2012 Water Conservation Rebate Program has been active through to the end of the year. This time last year the funding ran out; however, this year, there is just under \$15,000 left. The program will last either through March, or sooner, if all the available money has been rebated. There is only a slight chance that the rebate program will continue next year as the current funding source will not be available. Rebate applications forms are available in the lobby at City Hall and on the City's website at the bottom of the Citizen Information column (www.lhcaz.gov).

For further information contact Doyle Wilson at (928)453-6660.
