### REQUEST / RESULTS OF FIRE FLOW ANALYSIS

PROJECT NAME: \_\_\_\_\_

PROJECT ADDRESS: \_\_\_\_\_

PROJECT LEGAL: \_\_\_\_\_

FIRE FLOW PERFORMED FOR: NAME \_\_\_\_\_

ADDRESS \_\_\_\_\_

PHONE \_\_\_\_\_

FAX \_\_\_\_\_

**\*Please Allow 14 Days for Results.**

*Office Use Only:*

FIRE FLOW TAKEN AT: \_\_\_\_\_

STATIC PRESSURE: \_\_\_\_\_

FIRE FLOW: \_\_\_\_\_

RESIDUAL PRESSURE: \_\_\_\_\_

The fire flow provided above was obtained using the Lake Havasu City H<sub>2</sub>OMAP Water Model created as part of the 2007 Water Master Plan update. Results are intended for design use only and are indicative of the average day pressure in the water system. Actual system pressures and fire flows can and will vary from the results shown above. Results provided above are intended for use on the project specified only.
