	<b>DESCRIPTION or ISSUE</b>
<b>Question 1:</b>	Can you provide the current cost LHC is paying for the product, who is the current supplier, and the usual order quantities?
<b>Answer 1:</b>	The current cost LHC is paying for the product is \$824.000 / Dry Ton, the current supplier is Kemira, and the usual order quantities are 46,000 Wet LB (≈ 9.2 Dry TON) / Full truckloads, with 4 orders a year.
<b>Question 2:</b>	Does LHC have a "spec" sheet for the product requirements?
<b>Answer 2:</b>	The specifications are listed in Section I – Technical Specifications, under TREATMENT PLANT. There is no separate "spec" sheet for the product requirements.

DATE: February 26, 2020
