ADDENDUM NO. 2

LAKE HAVASU CITY LAKE HAVASU CITY MUNICIPAL AIRPORT APRON REHABILITATE – INFIELD AREAS EROSION CONTROL (City Project Name: Rehabilitate & Reconstruct Taxiway) LHC PROJECT No. 104004 ADOT NO. E0S2E01C

In accordance with the Special Provisions to the General Provisions, SP 20-16, Addenda and Interpretation, the following revisions to the Plans and Specifications shall become a part of the Contract Documents and each bidder shall acknowledge receipt thereof on page PROPOSAL-23 of the Proposal Forms.

GENERAL

- **ITEM 1:** The Bid Due Date has been changed to March 9, 2022 at 3:00 p.m., ARIZONA TIME. All references contained in the Contract Documents shall be revised to reflect the new due date.
- **ITEM 2:** An optional Site Visit has been scheduled for March 2, 2022 at 11:00 a.m. All questions arising from this site visit shall be submitted in writing and will be answered in addendum.

SPECIFICATIONS

- **ITEM 3:** PROPOSAL FORM, page PROPOSAL-2. Delete this page in its entirety and replace it with the revised page included as **Attachment A**.
- **ITEM 4:** SPECIAL PROVISIONS TO THE GENERAL PROVISIONS, SP 20-16 Addenda and interpretation. With pen and ink cross out "sent by certified mail with return receipt requested to all holders of Contract Documents at the respective addresses furnished for such purposes," and replace it with "posted on the City's website,"
- **ITEM 5:** SPECIAL PROVISIONS TO THE GENERAL PROVISIONS, SP 70-23 Federal Contract Provisions for procurement and contracting under AIP. Delete this section in its entirety.
- **ITEM 6:** TECHNICAL PROVISIONS, page TS-P-218-2, 218-3.3. First paragraph, with pen and ink cross out the word "sterilized".

QUESTIONS

- **ITEM 7:** Questions about how excavation of existing millings is paid. Answer – The excavation of the existing millings is paid for under P-152 EXCAVATION AND EMBANKMENT.
- ITEM 8: Questions about leaving open excavations adjacent to the edge of the Runway and Taxiways.
 Answer All excavations within the RSA or TSA must be backfilled or have P-218 placed within the same work shift prior to opening to aircraft traffic. Refer to the CSPP for grading requirements of the RSA and TSA while open to aircraft.

- **ITEM 9:** Question: Can the excavated material be stockpiled in the staging area at night, and then hauled away during the day? Answer – Yes, all work impacting aircraft movement areas, including Runway, Taxiways, and Aprons must be completed during night time closures in accordance with the CSPP. Material stockpiled in accordance with the CSPP outside of these areas may be hauled from the project site during daytime hours provided that the areas described above are not impacted by the hauling operations.
- **ITEM 10:** Question: Is there a hydrant or other water source available on site? Answer – Yes, Water hydrants are available in site, the contractor is responsible for obtaining a water meter from the City Water Department.
- **ITEM 11:** Question: What are the Covid requirements for this project? Answer – Project Covid requirements are in accordance with Federal, State and City requirements.
