SECTION E - ADDITIONAL TERMS AND CONDITIONS

1. **Contract Term.** The Contract term shall be for one (1) year. This Contract may be renewed at the expiration of its term by mutual agreement of both parties. The renewal may be for a maximum of four additional twelve (12) month periods or less if agreeable to both parties.

Contract may be canceled by either party with thirty (30) days written notice. Due cause for termination by the City shall be, but not limited to, failure to deliver within a reasonable time period, failure of the product(s) to meet manufacturer specifications, contract terms and conditions and/or reasons of unsatisfactory service.

2. **Estimated Purchases.** The quantities indicated are estimates of anticipated purchases and are offered solely for the purpose of bid evaluation. The estimates provided are based on the previous year's purchases. Larger or smaller quantities may be purchased and the Contractor agrees to deliver as ordered. The City in no way implies or guarantees that the estimated amounts or any amount will be purchased during the term of any Contract resulting from this Invitation to Bid.
3. **Add/Delete Items.** City reserves the right to add or delete items during term of awarded Contract as dictated by the changing/updating of employees, buildings, equipment, roads, or services. The Bid Sheets may be a partial and not a complete list of items to be purchased.
4. **Pricing and Escalation/De-Escalation.** All pricing shall be protected from increase for the first twelve (12) month period of the Contract.

Changes in proposed prices shall only be accepted bi-annually and be submitted in writing forty-five (45) days prior to the date of the change. The change shall only be in the same proportion that changes have occurred on the manufacturer's latest published model price lists, discount schedules, federal price index, or by other means of positive verification. The City shall have the right to accept or reject any proposed change(s) in any of the originally bid prices or discounts.

The City shall be given the immediate benefit of any price decrease given another agency of like make up or size. Contractor shall promptly notify the City's Authorized Agent of the amount and effective date of such decrease.

This decrease shall apply to orders placed on or after the effective date of the decrease. Invoices shall reflect prices in effect on the date the order was placed with the Contractor.

Should such decreased prices again increase during the term of the contract, including extensions, the City shall honor the increase if acceptable documentation verifying the increase is submitted to the City. The City shall determine what constitutes acceptable documentation.

5. **Price Term and Adjustment.** The Awarded Bidder's price adjustment request shall include the cause for the adjustment. The change shall only be in the same proportion that changes have occurred by means of verifiable published indices, actual cost experiences for certain materials or labor, or changes in published prices for specific items. Please provide clear and convincing evidence, satisfactory to the City, that the increase (1) will not produce a higher profit margin than that on the original contract, (2)

The City reserves the right not to accept a price adjustment. The City reserves the right to ask for a full schedule of values to show how the fixed price offered was determined. SECTION I - TECHNICAL SPECIFICATIONS

ITB NO.: B20-WTR-500049

ITB TITLE: Bulk Supply of Ferric Chloride for Drinking Water Treatment

ITB DESCRIPTION: Lake Havasu City's Water Division is soliciting bids from vendors and is seeking to contract with the most responsive and responsible single Contractor to furnish Ferric Chloride in bulk quantities for treating the Lake Havasu City's potable water supply.

TREATMENT PLANT: This is a state-of-the-art technology water treatment plant facility. The plant is designed to improve the quality of the City's drinking water by utilizing new technology which eliminates manganese and also lowers levels of other inorganic substances that naturally occur in water. Testing and water quality sampling of the water being produced is ongoing. The required chemical amounts and types may vary in the future due to changing circumstances to produce quality potable that meets or exceeds Federal, State, and City standards. Therefore, the chemical specified in these documents, in terms of solution strength and quantity are an estimate only and may be subject to change. Product and deliveries shall meet the requirements of ANSI/AWWA B407-05 latest revision.

CHEMICAL SELECTION: Due to the ever changing water supply and standards which are adhered to by the City, solution strength, quantity and type may vary and items listed are estimates only. Currently the Ferric Chloride solution accepted by the City varies between the ranges of 38 to 46 percent.

NATIONAL STANDARDS: Chemicals delivered shall meet the American Standard ANSI/NSF 60 and be certified by NSF International for use in the treatment of potable water.

ORDERS: Full semi tank truck loads will only be accepted at an estimated 60 to 90 day intervals by a written order notice produced by the City's Water Division. This order may be placed by fax, email or by postal mail service.

DELIVERY AND GENERAL REQUIREMENTS: The delivery of the product shall be in a ready-for-operation condition and FOB to anywhere within City limits, Lake Havasu City, AZ.

Lake Havasu City reserves the right to reject any quote in which the delayed delivery date is later than ten (10 days after original delivery date of order). Failure to provide a delivery schedule may result in bid rejection. Failure to meet the delivery schedule may result in liquidated damages.

- a. Delivery after ARO: 10 days or less
- b. All chemical shall be delivered in liquid form. Delivered and accepted product shall be invoice at 100% dry weight basis as shown on page 4 pricing sheet.
- c. All "make ready" laboratory analysis and testing shall be performed prior to delivery. The product shall be delivered with an original hard copy(s) of certified laboratory analysis and testing report for this chemical at every delivery during the term of the contract.

INSPECTION AND ACCEPTANCE: Lake Havasu City will have fifteen (15) days from delivery of the product pursuant to this contract within which to inspect it, and shall notify vendor within ten (10) days from date of delivery of the product of any discrepancies between it and the ITB specifications, the Contractor's or manufacturer's specifications or literature, and any express or implied warranties. Upon the written notification of any such discrepancies, the Contractor shall make any corrections reasonably deemed necessary by Lake Havasu City within fourteen (14) calendar days of such notification. Failure to complete necessary corrections within the fourteen (14) calendar day's period shall constitute late delivery and liquidated damages shall accrue pursuant to and set forth in Item 8, from the date of notification to the Contractor of the discrepancies. Notwithstanding the commencement of contract payments, no product shall be deemed accepted until Lake Havasu City has confirmed in writing that the unit shall be deemed accepted in accordance with the provisions of this section, which written acceptance may not be signed nor delivered to Contractor until the fifteen (15) day period has expired. If the product is rejected, the Contractor shall refund any contract payments which have been made with regard to the rejected product, and shall (at its sole cost and expense) remove the defective product within ten (10) days of receiving notice of rejection. If the equipment is rejected, Lake Havasu City may, at its sole option, elect to have the Contractor deliver a substitute product, which complies with the specifications and warranties of this contract, or cancel its order of contract equipment. Lake Havasu City's failure to reject the equipment within such fifteen (15) day period shall not preclude Lake Havasu City from exercising any other remedy it may have for breach of this contract.

LIQUIDATED DAMAGES: Failure to deliver unit in new condition and in compliance with this Bid by the specified date will result in actual damage to Lake Havasu City. The recognized delivery date will be the date calculated as set forth in Item: **INSPECTION AND ACCEPTANCE**. Since actual damage will be difficult to determine, it is agreed that the Contractor shall pay to Lake Havasu City, not as penalty but as liquidated damages, \$250 per day. Lake Havasu City recognizes agency business days as the mechanism for determining how many days that elapse past the delivery date. The total liquidated damage will be deducted from any money due the Contractor. Lake Havasu City at its sole discretion retains the option of waiving the damages for a particular instance of late delivery; however, this waiver does not preclude enforcement of this provision for all other instances of late delivery.

BRAND NAME / NO SUBSTITUTION: Successful Bidder shall furnish equipment, labor, materials and shipping/delivery costs conforming in all respects to the specifications. IT IS UNDERSTOOD THAT IF ANY MANUFACTURER'S NAME, TRADE NAMES OR DESCRIPTIONS, MAKES, MODELS OR CATALOG NUMBERS ARE USED IN THE SPECIFICATIONS, THEY ARE FOR THE PURPOSE OF DESCRIBING EXISTING EQUIPMENT AND ESTABLISHING GENERAL QUALITY AND PERFORMANCE LEVELS. ITEMS MAY NOT BE SUBSTITUTED, UNLESS OTHERWISE NOTED.
