

COUNCIL COMMUNICATION

TO: Honorable Mayor and Council

FROM: Mike Slettebo, Wastewater Utility Supervisor

SUBJECT:

Award Bid for the Island Treatment Plant Screenings Compactor and Shaft-less Screw Conveyor Equipment Replacement (*Mike Slettebo*)

FUNDING SOURCE:

Wastewater Utility Fund

PURPOSE:

Award Bid for the Island Treatment Plant Screenings Compactor and Shaft-less Screw Conveyor Equipment Replacement, ITB No. B19-WWTP-3169 in accordance with City Code § 3.10.030.1.5.1.

BACKGROUND:

Bids were opened on May 8, 2019, for the replacement of both the shaft-less screw conveyor and screenings washer compactor at the Island Treatment Plant. There were three bidders, WestTech Engineering, JDV Equipment Corporation, and Jim Myers & Sons, Inc., ranging from a low bid of \$85,203 to a high bid of \$107,150. The budget estimate is \$107,300.

We are recommending rejection of the low bidder (\$85,203) due to not meeting the requirements of the specification. (1) Rotations per Minute (RPM) are higher in the bid than specified in our Technical Specifications; and (2) Modifications to the existing electrical panel will be required at a cost to the City.

The current screw conveyor and screenings wash compactor at the Island Treatment Plant (ITP) have deteriorated and are at the end of their life cycle. We have performed multiple repairs on them and additional repairs are not feasible.

Staff recommends award to JDV Equipment Corporation, the next low bid meeting the specifications with no exceptions at \$91,400, plus appropriate sales tax.

COMMUNITY IMPACT:

Evaluating and replacing critical assets in the Wastewater Treatment Plants ensures both functionality and efficiency for our citizens and rate payers. Advancing this action saves high maintenance costs over the next several years and improves reliability.

FISCAL IMPACT:

Funds are available in the Wastewater Fund (Wastewater Capital Outlay 533.4210.422.6104).
